The Honorable Richard G. Lugar
United States Senate
306 Hart Senate Office Building

Dear Senator Lugar,

On behalf of the Greater Lafayette Public Transportation Corporation ("CityBus") I am writing to respectfully request your support for transit-oriented development efforts in downtown Lafayette.

CityBus, in full cooperation with the City of Lafayette, Wabash River Enhancement Corporation, the Historic Centennial Neighborhood Association and Ivy Tech Community College, is embarking on a proposal that will reshape downtown Lafayette into a livable, walkable, vibrant community. Nestled between two existing education centers, Purdue University and Ivy Tech Community College, the Riehle Plaza location is an ideal site for transit-oriented development. Funds being sought in fiscal year 2011 will be used for the land acquisition and development of a new transit transfer center.

Central to the redevelopment of Riehle Plaza is a new transit transfer center and a downtown annex for Ivy Tech Community College. This will allow for easier access for students who are dually enrolled in both the Community College and Purdue University. Ivy Tech is filling a critical need for Purdue students that are not able fulfill their core curriculum graduation requirements at Purdue. At present, these students spend a minimum of an hour driving between the Purdue and Ivy Tech campuses. In addition, the new transit hub will leverage existing linkages between CityBus, Greyhound and Amtrak rail service as well as providing improved accessibility for disabled riders.

CityBus is proud of the role we play in the community and eager to help forge a better community throughout the next decade. Together with our local partners, we are eager to begin this exciting project as we look for new ways to serve Greater Lafayette. We remain grateful for your past support to add hybrid diesel-electric technology to our existing fleet and we look forward to working with you on this project.

Sincerely,

Martin B. Sennett
General Manager
